

Another Busy Week

Mr Julian Noad - Head of College

It has been my pleasure to welcome many Year 11 pupils to my study this week, for their Futures Meetings - a look ahead, with careers and course advice, but also a look back to mocks and how we can support them in the final push. The overwhelming theme is positive, with fabulous young people taking heed of mock feedback and digging deep for exciting career plans. Good luck to all.

Year 11 have also had the pleasure of a trip to Bristol Old Vic to see the last of this year's set texts, Macbeth, 'live' at a theatre. Excellent preparation and genuine must-do experience.

The Model United Nations team are in Cambridge as I write, for three days of debating on a range of challenging world political themes. These academic away trips are wonderful opportunities which will

be in that bank of 'forever memories'.

Today, the dress code is relaxed (for pupils) with the French House charity day in aid of [Children with Cancer UK](#); a truly worthwhile cause which has been well supported.

Let us turn now to the final weekend of this half term. We will see boys' hockey versus Wells Cathedral, with the 1st XI fixture under lights this evening at 6pm. The girls take on West Buckland at netball. On the cross-country course at RNAS Merryfield, Franky and Oliver represent Queen's in the South West championships; run well, boys. All details in [SOCS](#) as usual.

In other areas of the school, we see performing arts rehearsals on Saturday and an Orchestral Day (with the [Southern Sinfonia](#)) on Sunday. The OE team will be

supporting a Bronze DofE local walk and Ten Tors training. The boarders will be busy on Sunday paintballing, Laser Tagging, or in Exeter enjoying some retail therapy.

For parents, we have the Friends of Queen's Skittles Evening (tonight, Friday) from 7pm in the [Queen's Arms, Pitminster](#). Then on Thursday, we are looking forward to the turn of Year 8 parents to join Jane and me for drinks at Wyvern House (invitations have been sent). And, bringing the half term to a close, next Friday, 9 February from 8.15am, will be parents' coffee. Please do join us for these lovely social events - a great chance to meet other parents and get more involved in our community.

With the end of half term in mind, a timely reminder that school ends a touch earlier on Friday 9 February: the school buses will depart at 4.35pm and there will be no CC2 activities on that day.

Another Busy Week

Mr Julian Noad - Head of College

I close with a few words on VAT. With more media coverage, there have been a few questions asked. If you have any, please do feel free to contact me. I do not intend to dive into politics here. However, please be assured that Queen's and its governing body are well aware of Labour proposals and are working hard to develop contingencies. Furthermore, with Queen's a member of the much larger Methodist Independent School Trust, we have considerable ballast and expertise. In an election year, there are always uncertainties.

The truth is that we do not yet know who will be our next government and what they might prioritise. If it were to be Labour, [this piece](#) from Birmingham University makes interesting reading. Back to the more mundane but certain. This will be the last bulletin in its current format. From next week, we shall be issuing our weekly Bulletin in a new format, easier to read on a phone (whilst in your car, waiting for pickup, perhaps). Watch this space.

Have a great weekend, perhaps catching a glance at the Six Nations rugby which starts this evening. With so much ongoing, I suspect I will be watching recorded versions. If you see me, don't tell me the scores!

Best wishes,

Julian

New Bulletin

**NEW LOOK
BULLETIN**

You spoke, we listened! Next week, we are excited to be releasing our redesigned Bulletin!

The new Bulletin will be modern, concise and smartphone friendly. Watch this space!

Prep School

Mr Henry Matthews - Head of Prep

The disco last week

Welcome to another edition of the Bulletin following a week filled with successes and hard work throughout the school.

Firstly, I'd like to offer a big congratulations to our lovely Mrs Penny, who's expecting a baby this July! I am sure you will all join me in sending congratulations and we look forward to the arrival of the latest member of the Queen's family. We'll update Reception parents on cover arrangements for the final weeks of term in due course.

This week's assembly saw our vibrant houses team up, demonstrating the empathy and collaboration skills they've been refining in line with our HPL drive. It was a joy to see the children taking the lead, sparking discussions about how we can all contribute to making our school an even better place.

Speaking of those taking front and centre stage, a huge round of applause for the young musicians who've already taken part in the Taunton music festival this week! Fantastic reports are coming in, celebrating successes in both individual and group categories. Keep up the incredible work and we look forward to more of the same next week.

Thank you to the parents who participated in our forum this week. Your feedback is incredibly valuable, and I do appreciate the open communication. Some key themes emerged: a desire for wider curriculum feedback opportunities, particularly in sports and performing arts; positive responses about the recent disco; consistency in house point awarding; insights on the new Accelerated Reader scheme in Years 5 & 6; and the exciting

proposal for a pupil led food council to help shape school meal choices and work with the catering and food teams. There is plenty for me to follow up on and I look forward to implementing changes throughout the next term.

Finally, a reminder to our Upper Prep families to pack your child a healthy afternoon snack for them to have before their CC1 clubs. The afternoon can be long for children staying later and there is an opportunity for them to eat this before clubs begin.

Good luck to our U10 and 11 boys competing in hockey fixtures tomorrow and I hope you all have a relaxing weekend.

With best wishes

Henry

QUEEN'S
COLLEGE
TAUNTON

"The quality of equipment, inspirational teaching and levels of enthusiasm from pupils were fabulous."

Nursery Round-up

Nursery News From Mrs Donna Kershaw - Highgrove Nursery Manager

It's been magical in the Puddleducks room this week as the children brought the book 'Room on the Broom' story to life. The children have been making potions, flying around in the garden on their balloon broom sticks and enjoying dressing up in the role play area practising dressing and undressing skills with the various outfits.

Tiggywinkles' focus book has been 'The Tiger Who Came To Tea', the children enjoyed a big arts and crafts session where they used the paint to create their own tigers, as well as spending a lot of time in the sensory tray which was full of different flavoured tea bags to create their own tea party, developing their pouring and emptying skills. The Tiggywinkles children have also been enjoying learning and singing new action songs during their music times.

Cottontail's room have been enjoying lots of sensory play this week, the particular highlight was the floor sensory tray filled with warm water and bubbles, where the children had lots of fun splashing and exploring the water whilst sitting in it. The children have also enjoyed the cosy canvas reading den which was used to encourage some of the older children to independently enjoy exploring books without an adult.

Queen's Minis

Queen's Minis News From Miss Lizzie Hayes

It's been another busy week in Queen's Minis. The children enthusiastically joined in with cake eating and the 'own clothes' day to raise money for Edukid last Friday. The bear theme has continued with a loose part tuff tray activity where the children could design their bear face using a variety of abstract materials. In their gardening club this week we experimented with sowing cress seeds onto absorbent material cut into the shape of a bear to see if we could grow a green hairy bear! The storytelling circle time this week focused on developing ways in which to retell the story of the Three Bears using props and masks. In Forest School the children were introduced to the game of 1,2,3 where are you? enjoyed an outside snack time in readiness for some off site visits next term. Upon returning to the nursery garden the children got stuck into making mud pies and soups in our outdoor mud kitchen.

Prep School

Sports Round-up

The U8 and U9s has an awesome start to the week with Wells Cathedral travelling down for matches. The Year 3 girls mixed up with Wells to form teams, they had a lovely time getting to know each other and playing their first netball matches. Year 4 were incredibly excited, they showed off some of their skills we have been focusing on. The boys had similar experiences with Year 3 putting what they have been learning into practice effectively, and Year 4 beginning to link play well.

Tuesday was the first gala of the year! 16 children travelled to Wellington for a really enjoyable hour of swimming. Some great performances by a number of swimmers, thank you to those children who swapped events and to Gracie-Jean and Charlie who stepped in to cover absence.

On Wednesday, the U11 girls spent the afternoon training and the U10 had a lovely set of matches with St John's Sidmouth. The girls continue to improve on their previous performances with a few tactical plays now being added which is great to see. Marking is much improved, but we still need to ensure we pass to players in space driving towards the ball.

The boys had a number of matches with Wellington the U11A had a very exciting game of hockey with both teams displaying a high level of skill and working hard on the pitch. It was certainly an end to end thriller.

All the boys played well and Harry deserves a special mention for an unflappable display in goal.

A strong performance by the B team as well with great keeping again this time by Caelan. Finally, the U10A team had a great game with the boys showing great team spirit and support for each other!

Notices

Post half term swimming- The week after half term all year groups will take part in the swim heats for the House gala. Pupils will be asked which events they would like to enter and they will then be placed in a heat appropriate for their ability. Therefore please can all children bring their swim kit to school for that week.

Earrings- Please can parents ensure that earrings are removed for PE and Games lessons as it is a rule within school to prevent injury. If earrings are within 6 weeks of being pierced, please provide a roll of tape.

Summer Term - Sports Uniform

We are excited to be launching our new school cricket uniform in time for the summer term. It has been designed to be modern, gender neutral and supportive.

All students who wish to play in the school's Performance / A team's from Year 5 upwards are expected to wear the new black cricket trousers and QC cream cricket shirt. The QC cream cricket fleece will be optional but advisable. Please look on [school colours](#).

Prep School

Pre-Prep and Prep Disco

There was high excitement last Friday in Pre-Prep and Prep for the first disco of the year. Glitter, glowsticks and lights filled the Birchall Hall as the children danced the evening away. From conga lines to air guitar solos, everyone danced like nobody was watching (except maybe the teachers who joined in!) The children wore a vast array of outfits in which to party, from Superman to full sequins!

After receiving their goody bag with their 'disco snack' inside, the children strutted their stuff, listening out for their favourite tunes. They loved the photo booth and had lots of fun posing for photos. What a fantastic way to mark the end of a January ! A big thank you to our parent helpers and staff who joined in and boogied on down with the best of them! [More photos on Flickr.](#)

Prep School

Year 5

Year 5 have been exploring their Africa loans box from the South West Heritage Trust. They were fabulous at using their HPL analysing and linking skills to suggest ideas for the uses of each object.

Year 3

Year 3 have been creating artwork inspired by the Egyptians. They have been drawing scarab beetles, the type of beetle found in the tomb of Tutankhamun. Next, they are going to experiment with pattern and printing to make a collage beetle.

Pre-Prep - Mrs Buttress

We have had a very busy time in Pre-Prep.

As part of our Topic and Science work, we have been looking at classifying animals and there is nothing like hands on experience! Last week we had a visit from some guinea pigs and learned all about how to take care of them, feed them and handle them. We learned that they are mammals and that they have live young and feed their babies. This week we were out and about and visited the fish in the Wellbeing Centre before visiting with Mr Matthews' dogs. We talked about how fish are different from mammals and learned about what they eat. We found that watching the fish made us feel very relaxed and calm.

Mrs Matthews explained that dogs are also mammals and that puppies stay with their mummies until they are weaned at 8 weeks old. We also learned that there are many breeds of dogs in different shapes and sizes and that they need exercise and can eat dry food or meat.

We love our playtimes and we are busy learning some traditional playground games. We have learned how to play Mousetrap, In and Out the Dusty Bluebells, Duck Duck Goose and Oranges and Lemons. We are also learning how to clap in time and although we can't do it YET, we will keep practising until we can!

Senior School

Sports Report

Hockey

1st XI

The 1st XI played exceptionally well last weekend against Wellington. Despite a slow start conceding very early on Queen's battled extremely hard. Coming back with some great goals from Caspar, Franky, and Harry. Queen's had plenty of attacking chances to take a further lead thanks to some great passing play and elimination skills. In the final few minutes Wellington got a goal back. From here on Queen's managed the game very well and got the well deserved 3-2 victory.

2nd XI

Queen's 2nds produced a fine display at home to Wellington. The team with confidence and flair quickly took advantage of possession, driving into the opponents goal mouth and testing the keeper early. A midfield battle pursued and with both teams winning the ball in defence and using the wings to attack, Wellington came closest to opening the scoring with four consecutive short corners that were expertly defended by Queen's.

The pressure was mounting on Wellington and the breakthrough finally came through with Ali sweeping home for his first of the match. With the score line 1-0 at half-time, a perfectly executed move from midfield led to an impressive shot from Henry across the goal for Reece to smash over the line to make it 2-0.

Wellington continued to provide an aerial threat and a long ball over the top was missed by the hosts and resulted in a tap-in for the visitors (2-1).

Player of the match Ali once again proved to be the difference between the two sides with a fast break away and stinging shot easing the pressure and concluding the scoring for an epic 3-1 win Queen's.

U14A

The boys played an incredible match against a team they were nervous to play against. We conceded early in the match, and then spent the rest of the match fighting to even things out. Late in the second half, we got a short corner, and a lovely deflection put us on the board at 1-1. Unfortunately the fact that Wellington had a large bench meant they had fresher legs for the end of the game, and we conceded 4 more goals in the last 5 mins. Overall however, the boys played some really good team hockey, moving the ball around and using the width of the pitch very effectively.

Senior School

Sports Report

U13 Girls Football tournament at Castle School

The U13 girls' team showcased a fantastic performance at Queen's inaugural girls' football fixture. The team, led by captain India played five back-to-back matches in the tournament hosted by Castle School. The team demonstrated resilience and skill and they secured victories in two matches, drew one and faced two losses against older opposition. India, not only leading as captain but also proving to be the team's top scorer played a pivotal role in the team's successes. Three U12 girls played up a year group and fitted in seamlessly. One of which was our Goalkeeper Omnima. She showed skill and bravery with some fantastic saves. The whole team worked tremendously hard but a special mention has to go to Teniore for her tireless running and tackling in the middle. The team's spirited effort and positive results reflect their dedication to the sport and bode well for future tournaments. I'd like to thank India, Molly, Willow and Eliza who have consistently turned up to mixed football and battled with the boys to showcase their skills.

Coaches and supporters alike are tremendously proud of the girls' achievements marking a promising start to their footballing journey at Queen's.

U15 Boys Football vs Castle

Queen's College U15 boys' football team made a stellar debut in their match against The Castle School B team, securing an emphatic 9-1 victory. The triumph was a testament to the hard work and dedication of all the boys on the field. Captain Theo's leadership was evident throughout the game, steering the team to success.

Notices

Summer Term - Sports Uniform

We are excited to be launching our new school cricket uniform in time for the summer term. You may be aware that our focus has been on making cricket both accessible and enjoyable for all and therefore our cricket uniform has been designed to be modern, gender neutral and supportive. While the traditional values of cricket remain, our uniform now represents a student focus and importantly potentially removing another barrier to participation.

All students who wish to play in the school's Performance / A team's from Year 5 upwards are expected to wear the new black cricket trousers and QC cream cricket shirt. The QC cream cricket fleece will be optional but advisable. The schools first team will wear cricket whites to compete as per the ruling in this age group. All of our school kit can be found on the School Colours [website](#).

Squad Team Photos - Term 1

We are delighted to release our Term 1 squad photos for purchase (Boys Rugby/Football & Girls Hockey). If you would like to purchase any of the pictures from this sports term or subsequent terms please use the link [HERE](#) to contact and order the pictures directly from our sports photographer.

Senior School

Futures - Mrs Bebb (Head of Futures)

Next week, 5th-9th February is [National Apprenticeships Week](#) and the theme this year is "Skills For Life" - and we have been preparing for this in senior school.

This week all students in Years 11-13 enjoyed an assembly with representatives from [Somerset Foundation NHS Trust](#) on pathways in the care sector, including information on the Health Sciences and Allied Health Care.

The representatives spoke of the skills and qualities that the Trust values: kindness, respect and teamwork. With this in mind, some of our Sixth Form students visited Oake Meadows Care Home to meet and chat to the residents and they also to learn about how to take observations: blood pressure and temperature in particular.

For all Futures related news, please see the new [MSP page](#) with all the latest hints, tips, news and opportunities fresh off the press!

Choral Evensong at St John's Concert

Last Sunday, the College Choir had the opportunity and privilege to sing Choral Evensong at St John's on the feast of Candlemas. Evensong is one of the main services of the Anglican church and the sections of the texts have been set to music by English composers for centuries.

Following a detailed and constructive rehearsal (and refreshments kindly provided by the church staff), the choir led the service at 4.00pm. Sung elements included Psalms 122 and 132, the Preces and Responses set by Reading, the Magnificat and Nunc Dimittis by Jackson and the anthem, 'Cantique De Jean Racine' by Faure. The Choir performed magnificently, coping with this range of cathedral standard music with skill and enthusiasm; it was clear that they relished the opportunity to sing in the warm acoustic that St John's affords, and filled the space with some glorious singing. We were grateful that a number of parents were able to attend along with the regular congregation to enjoy this special event, sung in candlelight. Afterwards we all walked round the corner to Wildwood to enjoy a meal together which allowed a great social opportunity and rounded off a great afternoon. Many congratulations to the College Choir on their achievement; our next Choral Evensong is at Taunton Minster on the 17th March which no doubt will be eagerly anticipated

Senior School

Rotary Club Debating Competition

On Friday 26 January, Maryam, Makanaka and Freya took part in the Taunton and Minehead District Rotary Club's Youth Speaks competition. Their impressive performance, tackling the complex topic of human cloning, earned them first place amongst entries from two other local schools. Such was the interest from Queen's College pupils, a separate internal competition had to be arranged to determine which team would represent the school on Friday. Well done to Mukudzei, Sam, Kamto, Ilya, Megan and Mary-Tess for their dedication and their fascinating debates in the internal competition. Maryam, Makanaka, and Freya's final presentation impressed the judges with its depth of research. Makanaka was further commended for her eloquent speaking skills, earning her the additional honour of Best Speaker in the entire competition. The team will now compete at the South West regional competition in Cheddar on 2 March, for a chance to go to the National Finals later in the year.

Bristol Grammar School MUN

Sunday 28th January saw nine of our Year 10 MUNers travel to Bristol Grammar School for the return of the BGS MUN conference.

Some 220 students from around the South West attended and debated a plethora of topics. In contrast to several of the other MUN conferences which we have attended, many of the committees were debating historical topics. For example, there was a 1964 committee debating the issue of women's rights.

Students were allocated countries, and topics were debated and resolutions formed as if the issues were being debated in the years stated. It was a different but

hugely insightful take on issues which have affected the global community historically but issues which sadly still affect our communities today. The students excelled themselves and were brilliantly prepared; it was wonderful to see how their confidence had grown over the last couple of years to the point where all were speaking, lobbying and debating with confidence and precision. Particular mention should go to Nelly who was a highly commended delegate in her committee and Rebecca who was a commended delegate in the Security Council. Well done to you both and to the other seven Queen's students who represented the College brilliantly.

Senior School

Crisp Packet Dress

I am Rosie and I am in Year 8. I attend the Royal Academy Young Artists' Summer Show co-curricular club and we are creating art so we can enter a competition open to children from 4 to 18 years old. If my work is chosen it will be in an exhibition at the Royal Academy in London. This art piece is based on recycling and reusing every day packaging from items we eat and then throw away. I wanted to make a dress from crisp packets to show how much plastic we throw away just with one tiny thing.

I am still working hard to finish my art piece. I need bubble wrap and crisp packets so if you have any please send them in!

Macbeth Trip - Adam Year 11

The theatre foyer of the Old Vic in Bristol contained within it a sparkly bar full of all kinds of glimmering drinks that glinted at you the moment you stepped foot in the place as if they were attempting to show off. A fair number of tables and chairs were dotted around the foyer that were, in all honesty, nothing to marvel at but the actual stage and seating we were directed to by the staff certainly caught the eye. The theatre boasts three layers of seating and on this particular night very few chairs were empty. Clearly year 11 and 10 were in for a treat if the people of Bristol thought it to be good enough to nearly sell out the place.

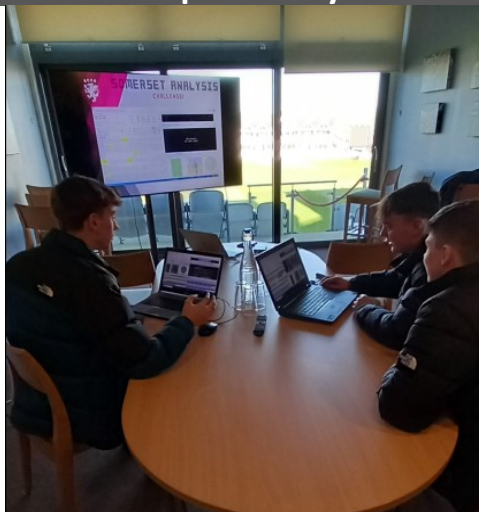

The play that we had all made the drive to see was a modernisation of the famous and well known play of "Macbeth" that any English GCSE student ought to know like the back of their hand.

Unlike its Shakespearean predecessor this play opens up on Lady Macbeth as she receives his letter detailing the witches prophecy that states he shall be king. However this was not a letter but instead a video call that was projected onto the set. These projectors are used frequently in the play and were crucial in allowing the audience to see the play well, conveying the modern nature of the play as well as keeping everyone's attention firmly fixed to the stage. Another interesting choice made by the play was the representation of the witches. The scene is revealed through clever effects directly after the murder of Duncan in such a way that it emphasises the witches power and how they've affected Macbeth mentally. The greatest choice was the inclusion of showing some action. In this modern age of technology and short form content a play with no action is completely incompatible with today's youth therefore by showing the odd murder here and there the cast retained the audience's attention span well. The action was so intense that Macduff was able to attain his revenge not by slaying Macbeth's kin as the tyrant Macbeth had none to slew.

Sixth Form

Year 13 A level PE Somerset Cricket Sport Analytics Tour By Hayden Year 13

On Friday the 26 January, the Year 13 A level PE students went on a trip to Somerset County Cricket Club to hear about how sports analytics has changed through the years, and how cricket technology for analysis has improved. The talk was given by Scott Thomas, he was very welcoming and clearly loved his job!

The talk started with Scott telling us about his choices leading up to this job and what

his job consists of. He explained how the technology for analysing each specific player in detail has improved, with new technologies such as high accuracy GPS trackers, chips in the cricket balls to analyse ball speed, and many more. The main part of Scott's job is to brief the captain and coaching staff before every match with specific details on the opposing team such as, where to bowl to certain people based on their last 30 matches, what fielder to place to what bowler based on past matches. He plays a very key role within the team.

In terms of our A-level PE this trip helped us understand how with the improvement in technology the standard of sport is also improving. It helped us understand the role the England cricket board (ECB) has within county cricket. We would all like to thank Scott for his time, and thank Mrs Chanter for taking the time to organise and drive us there!

EPQ

On Monday in assembly, four of our Sixth Formers gave small presentations about their Extended Project Qualifications, showing the rest of the school the kind of thing that they too will be doing once they reach the Sixth Form. The four spoke on hugely varied topics - Lily's research essay on the legalities surrounding a terrorist leader, Jan's budget bionic hand, Josh's essay delving into the world of AI art, and Mollie's new project where she intends to create and release a book of monologues. We're really looking forward to seeing the current Year 12 projects come to fruition!

Sixth Form Quiz Night By Joseph

The Sixth Form had a quiz on Wednesday, hosted by Digby and Joe in Year 13.

Topics ranged widely, involving a series of general knowledge questions from Shakespeare to Harry Potter and beyond. The last few questions made up the

Sixth Form round, which largely celebrated the achievements of our Sixth Formers, with the occasional inside joke in between. Scores were close and it came down to the final few questions, but Jonty, Jacob, and Petar ended up winning by just a point. Overall, it was an enjoyable, relaxing and refreshing evening to end the day.

Charity Day

Senior School enjoyed a bake sale and own clothes day today - organised by French House Sixth Formers in aid of the charity [Children With Cancer UK](#).
